[Associated Press by Federal Wireless.] ROME, Italy, Aug. 19.—Doctor Marchisavi, private physician to Pope Pius, issued a statement yesterday contradicting the alarming reports in circulation regarding the condition of the pontiff. "His Holiness," says the Vatican physician, "is suffering from a simple cold. There is nothing at all alarming in his condition."

JAMES J. HILL PLANS TO IMPROVE BREED OF CATTLE IN NORTHWEST

[Associated Press.] LONDON, Aug. 17.—For the purpose of improving the breed of cattle in the Pacific northwest, some important purchases of English cattle have been made here for James J. Hill. One shipment is of 50 dairy Shorthorn bulls, which will be given away to as many counties in that section of the country. Each one of these bulls is born of a cow with a milk record of 10,000 pounds or more the year.

Besides the gift of these blooded animals to the farmers of the northwest, a herd of ten cows and a bull of South Devon, the first to be imported to America, will be sent to Hill's Minnesota farm as well as two prize winning dairy Shorthorns to his North Dakota farm.

The purchases were made by Prof. Thomas Shaw, the well-known expert of Minnesota. According to Eugene Grubb, the United States livestock commissioner now in England, this is the most important shipment of blooded cattle ever made to America from England, and will mean a great improvement in breed in the northwest both for milk and beef purposes.

Controller of the Treasury Downey decided that help of a postal clerk who was killed while acting as peacemaker in a fight between two other clerks were entitled to \$2000 damages from the government.

The New Jersey Supreme Court affirmed the conviction of Fred S. Boyd on two indictments for inciting the destruction of private property during the silk mill workers' strike at Paterson.

DID CHILD WAKE UP CROSS OR FEVERISH?

Look Mother! If tongue is coated give "California Syrup of Figs" to clean the bowels.

Mother! Your child isn't naturally cross and peevish. See, if tongue is coated; this is a sure sign, its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company." Counterfeits are being sold here. Don't be fooled!—advertisement.

Ground was broken on the mauka corner of King and Bishop streets yesterday for the erection of a taxicab stand, which is to be conducted by the von Hamm-Young Company.

The new stand, when completed, will be on the same order as the many others which have been erected in different parts of Honolulu during the past few months. The von Hamm-Young Company intends installing a number of cars for the rent service.

Five Thousand Tourists a Week AND THEIR CASH VALUE TO HONOLULU.

A Series of Ad Club Talks for Honolulu.

NO. 3. BY-PRODUCTS OF PROSPERITY.

The tourist trade is an asset to a lot of producers. There's the toast, as we said, that goes with the butter and eggs, or the chops and the steak. The toast that the local baker bakes the bread for. Or, the toasted crackers. In fact, the whole bread and biscuit business. Do you know that five thousand tourists a week'll raise the bread and biscuit consumption of the islands by about six hundred dollars a week? Give you, if you're in the bakery business, or the cracker and biscuit-handling business, an additional gross income of that amount. That's over thirty thousand dollars a year. AND YOU COULD SPARE enough of the profit of that thirty thousand, sure, to boost the work in getting the thirty thousand for you. Now, couldn't you?

And, say, Hawaiian honey's something, isn't it? Most people's hair almost goes up in the air when they learn how abundant the bee product is out here in the mid-Pacific. Suppose the tourists could be greeted—five thousand of them a week—with something on the hotel bills of fare or the tables of the boarding houses, or even on the incoming and outgoing steamers, that'd make them think a breakfast not quite complete without a taste of this honey. Would the honey growers and the honey dealers' incomes take a little leap? Relatively speaking, honey isn't much eaten in the United States. Takes only about 82 pounds a week for 5,000 persons of the tourist class. But note how it is in Switzerland. Ever been there? Ever see even an American tourist take a breakfast there without some of those delicious French or Swiss horseshoe buns, laid over thick with Swiss honey? How'd it do to see 5,000 tourists a week doing the same thing with Hawaiian honey?

Speaking of Hawaiian honey, 'twouldn't be out of place at all to speak in the same breath of some other Hawaiian things. Hawaiian fruit, for instance. It takes a minimum of nine and a quarter tons of fruit, including the grape juice, to satisfy five thousand average persons for a week in the United States. That is, the ordinary orchard, berry, and semi-tropical fruits and grapes of the Continent. Suppose it took an equal quantity of Hawaiian fruit to supply five thousand tourists! Suppose all the five thousand tourists who are to be brought to the islands were so well informed about the papaya that they wouldn't think of a breakfast without it, any more than, at home, they'd think of doing without a cantaloupe or a grapefruit, or than an Englishman would think of doing without his jam or his marmalade! Profit, there, for the papaya grower or dealer! And a like kind of profit for the pineapple man and the banana man, and the roselle jelly man, on the same basis! No?

The New York Society for the Prevention of Cruelty to Animals is notifying drivers that under the ordinance effective August 7 all watering troughs for horses in the city will be discontinued.

SMUGGLING OF CHINESE UNDER INVESTIGATION

[Associated Press by Federal Wireless.] SEATTLE, Wash., Aug. 19.—How one hundred and sixteen Chinese, many of whom were bearded, were brought into the United States during the last three years under the guise of students, only to disappear from the schools, and of fourteen others who were carried across the line in the tender of a freight engine, developed at a federal industrial commission hearing here yesterday.

The testimony of witnesses showed that it is worth from five hundred dollars to seven hundred and fifty dollars to bring Chinese into the United States.

It was shown that Claude Stevens, a Seattle attorney, brought ninety-six Chinese into this country and placed them in a school, receiving three thousand dollars for his services.

Ogomori, assistant editor of the Hawaii Shimpu, the local Japanese daily newspaper, and for the past three years affiliated with that publication, will leave for San Francisco on the Matsonia August 26 en route to Columbia university, where he will take a four-year course in journalism. Following the completion of his course he will return to Honolulu and join the staff of the Shimpu. Mr. Ogomori has been in Hawaii seven years, having received his English education at Kaahumanu school.

Edward R. O'Malley of Buffalo announced his candidacy for the Republican nomination for attorney-general.
